Who am I?

I am the person who self commits

I am the person who self commits each day
even though busy along the way
you return each night to home fires lit.

Who am I?

I am the person in the garden

I am the person in the garden you designed
realising dreams and home grown dined
from head to table via the garden.

Who am I?

I am the person who loves hiking

I am the person who loves hiking with you
even when exhausted, scratched or bruised
they're sacrifices more to our liking.

Who am I?

I am the person who is endlessly

I am the person who is endlessly asking you what plant is this, what's there in the view always a joy to share what I see.

Who am I?

I am the person who exclaims

I am the person who exclaims at your photos
flowers, vistas and my handsome boy flow
millions of memories there to reclaim.

people who don't

Who am I?

I am the person who laughs

There are 10 types of people in the world: People who understand binary, and people who don't

I am the person who laughs at your jokes
some not funny, others need soap
they can still cause me to laugh.

Who am I?

I am the person who waits

I am the person who waits at breakfast
even when sleep, continues to last
my hunger is making me wait.

Who am I?

I am the person who's ready

I am the person who's ready to engage
even when ignored, sometimes delayed,
hope is keeping me steady.

Who am I?

I am the person who makes,

I am the person who makes,
mends and cleans..

Who am I?

I am the person that gets under

I am the person that gets under your skin
together the duet, we continue to sing
and angels left behind where we'd blunder.

Who am I?

I am the person at the end

I am the person at the end of your hand
hold on tight, continue to pray and
hope we're together at the end.

Who am I?

I am the person who is looking

I am the person who is looking at you
through the lens and years too few
I never get tired of looking.

Who am I?

I am the person who encourages

I am the person who encourages your plans
even when I can't lend a hand
brainstorming and dreaming our mind rages.

Who am I?

I am the person who sleeping

I am the person who sleeping lets you keep
though the dawn chorus, calling to deep
I weeping & creeping and ending your
sleeping.

Who am I?

I am the person who loves you more

I am the person who loves you more
than you'll know
no book contains the fullness of my glow
they've reached their end,
but I've always more.
